LANGUAGES

English

Tamil

Software development professional with expertise in creating and developing web applications using Ruby on Rails and Hotwire. Eager to leverage my skills in both backend and real-time frontend development while taking ownership of impactful projects and continuing to grow technically.

WORK EXPERIENCE

Junior Developer

Seafood Souq, Remote   February 2023 - Present

- Led the end-to-end development of a robust backend API and dynamic admin dashboard (built with Ruby on Rails and Hotwire) for fisheries to manage fleets, log catch information, and monitor operations in real time.
- Built custom PDF reports with wickedpdf to assist fisheries in meeting document compliance requirements.
- Created automated web scrapers to track global seafood prices from retail sites, helping the sales team optimize pricing and stay ahead of market trends.
- Integrated Odoo ERP APIs into a custom workflow system to automate syncing of deals and pricing, and proactively flag data inconsistencies.
- Designed and managed company landing pages on Webflow, ensuring responsiveness and modern aesthetics.

Web Developer Intern

www.dadholidays.com   June 2022 - January 2023

- Designed and developed single page web application using HTML, CSS, Javascript & GSAP animation library.
- Deployed site on cPanel, Integrated Google reCAPTCHA, Google Analytics and Microsoft Clarity.

EDUCATION

Bachelor of Instrumentation & Control Engineering

PSG College of Technology, Coimbatore   2013 - 2017

- Graduated with a 9.08 CGPA
